REPORT OF TRUSTEES OF G. H. STOWELL FREE LIBRARY

To the Citizens of Cornish:

The following report will be found to vary but little from former reports. The deposit station, located at the Fred Weld residence for the past two years, has been discontinued as patronage has not been great enough to justify the expense of maintainance. It is hoped that those now accustomed to this service will come to the library for books or patronize our mail service.

We again remind the citizens of Cornish of the opportunity to obtain through the librarian, the loan of unusual books or special material from the State Library in Concord. These libraries, local and State, are institutions designed to serve the public. Why not take advantage of this service?

The librarian reports from her records the following statistics:

A total of 24 visitors from the following states have inspected the library: Maine, Vermont, Massachusetts, Pennsylvania, Rhode

Island, New York, Illinois, Wisconsin, California and North Carolina. These guests expressed much surprise at the attractiveness and completeness of a library located in so small a rural community.

Total number of visitors	1,524
Books loaned at library	2,864
Books sent to deposit station	107
To South Cornish community	195
To schools	648
Magazine circulation	309
46 of the number being loaned to schools.	
Lithographs loaned to schools	18

Thanks are extended to Mrs. Robert Barrett, Miss Cora Gaines, Miss Clare Bennett, Scribner's and McMillan Co. for gifts of books, and to Mrs. Rollins, Mrs. D. G. Witherall, Mrs. Bugbee, Mrs. Rupert Rawson, Mrs. B. E. Huggins, H. H. Dean, Mrs. Geo. Conant and Rev. Walter Reynolds for magazine donations.

Respectfully submitted,

Superintendent's Report

To the Cornish School Board:

I hereby submit my fifth annual report as your superintendent of schools.

There were but two changes in the teaching force at the opening of school last fall. Miss Esther Ames and Mr. Donald Frizzell were promoted to better positions in other districts. Miss Parker Lois, a graduate of Keene Normal School 1937 was hired for the Tracy School and Mr. Leslie Davis, an experienced teacher and a graduate of Fitchburg Normal School was placed in charge of the Chadbourne School.

This year you have had two school houses painted and general repairs made at the Center School. I hope that you will be able to paint one building each year. The buildings at the Center and at the Flat are in the greatest need.

Now that we have normal trained teachers in all of the schools there is no doubt about the methods of teaching being excellent. Especially is that true in your schools as you have furnished the teachers and pupils with the latest and best of material for work.

There is, and always will be, in many schools a problem of discipline. In the larger schools the discipline problem has passed away due to several factors. The older boys and girls are given work more to their liking such as domestic science, manual arts, and general science. About the only steps that we have been able to make in this direction in the one room schools are social sciences and club work. In the larger schools there is extensive playground apparatus for the smaller pupils. Through the activities of the teachers and interested parents some progress has been made along these lines at the Tracy School and at the South School.

There are, however, several factors that enter into bad conditions in discipline. Even strong teachers face a very difficult problem when there are parents who seem to be glad to find something that they can blame on the schools, and the pupils know when they enter the school that if anything happens at school that here will be those who like Absalom will place all of the blame on the teacher. If a pupil fails in their work it is not always the fault of the

teacher. There should be taken into consideration the home life of the child and his mental ability. If we could afford it we should add to the schools new work that would interest and help every pupil, but the cost would be very great. We can however all help by trying to be kind especially to young teachers who are trying to put into practice all of the methods that they have studied faithfully.

We feel very thankful to Mr. Leland Powers for the gift of land for a playground at the City School. The fences at the City and the Flat are a help to protect your children and are built to last many years.

We wish to thank Mrs. Robert Barrett for the gift toward hot lunches.

I wish to thank the Cornish School Board for the interest they have taken in the schools and for the unselfishness with which they have given their time to meet the problems and to carry on the regular work for the district. I appreciate the loyalty of the teachers, and those of the citizens who have tried to help even when conditions were not as they have desired.

Respectfully submitted,

WALTER L. MASON.
